This announcement is made by Hong Kong Johnson Holdings Co., Ltd. (the “**Company**”, together with its subsidiaries, the “**Group**” or “**Johnson**”) on a voluntary basis.

The board (“**Board**”) of directors (“**Directors**”) of the Company is pleased to announce that the Group has achieved new breakthrough in the security guarding services and cleaning services businesses.

Wyson Security Services Limited, a wholly-owned subsidiary of the Company (“**Wyson Security**”), recently succeeded in winning security guarding services contracts for multiple major cultural venues under the Leisure and Cultural Services Department of the Government of the Hong Kong Special Administrative Region, including the Hong Kong Space Museum and Astropark, the History Museums Section (Groups B and C), and the Hong Kong Central Library; as well as the Shek Tong Tsui Municipal Services Building. Each contract has a term of three years and has officially commenced service on 1 June 2026, with a total contract amount of approximately HK\$100 million.

Meanwhile, Wyson Security successfully secured a two-year security guarding services contract for a large private residential complex with the contract amount of approximately HK\$40 million. This project marks Wyson Security’s further expansion in the property management market, and we are committed to providing residents with a safe and secure living environment.

In addition, the Group has achieved positive results in the commercial cleaning services sector, having successfully won a cleaning services contract with a prestigious Hong Kong educational institution, with the contract amount of approximately HK\$90 million. In line with the principles of sustainable development, we will introduce electric transport vehicles into campus services, taking practical action to reduce carbon emissions starting from campus, minimize the risk of environmental pollution on campus, and work together to build a greener Hong Kong.

The Board believes that above positive results not only reflect the market's recognition of the Group's service quality but will also significantly enhance the market position of the Wyson Security. We will continue to strive to expand our business footprint, open up more market opportunities for the Group, and leverage our solid capabilities to create more employment opportunities for the workforce in Hong Kong.

The Board wishes to remind shareholders and potential investors of the Company that the contract amounts mentioned above may be subject to adjustment in accordance with the terms and conditions of the relevant contracts and may not be reflective of the Group's future performance and shall not be taken as an indication of the Group's future performance.
